

Tilapia Feeds

STARTER

- Especially formulated for first feeding fry and fingerling
- Nearly free of dust and fines which can be detrimental to small fish
- High levels of quality fish and animal protein
- Utilizes marine oils, beta glucans, pigments and high vitamin levels, including stabilized vitamin C
- Tilapia Starter available with Methyltestosterone in #0 and #1
- Available Sizes: #0, #1, #2 & #3 Crumble

GROWER

- Sinking dry crumbles from starter-to-pellet transition
- Nutritionally complete and balanced
- Main components are high quality fish and animal proteins
- Finely ground to ensure superior digestibility and that fish receive a full complement of nutrients daily
- Available Sizes: #3 and #4 Crumble

EXTR 350

- Our premium warm water diet designed for highly intensive rearing
- High levels of animal & marine protein result is excellent palatability and maximum intake
- Available Sizes: 1/8", 5/32", 3/16" & 1/4"

XG 360

- The result of new diet development work at our warm water research facility
- Improved performance-growth rate and feed conversion ratio
- Can be formulated without terrestrial animal protein
- Available Sizes: 3/32", 1/8", 5/32", 3/16"

PRODUCTION 32

- Designed for moderate rearing densities
- Tests at our warm water research facility indicate this to be our most cost effective diet for tilapia production
- Available Sizes: 1/8", 5/32", 3/16" & 1/4"

PRODUCTION 35

- Formulated utilizing more economical protein sources
- Tested and refined at our warm water research facility to optimize performance
- Available Sizes: 1/8", 5/32", 3/16" & 1/4"
